Buttah Baby Hair Imports Launches Vending Machine in North Little Rock *Local Entrepreneur Opens Little Rock's First Hair Vending Machine in McCain Mall*

August 28, 2018 (Little Rock) - Mississippi entrepreneur by way of North Little Rock, Shadara Waller-McGilberry, is returning home for the launch of the first hair extension vending machine in Little Rock.

Waller-McGilberry will present her hair extension vending machine to Little Rock hair and beauty enthusiasts on Saturday, September 1st at McCain Mall from 12-3 PM.

This move by Waller-McGilberry, who grew up in Little Rock prior to moving to Jackson, Mississippi to attend Jackson State University, represents a revolutionary shift in the haircare industry. As consumers increasingly demand immediate access to hair extensions, salon owners and hair extension providers are forced to have a full inventory of extensions or risk losing potential buyers.

The Buttah Baby Hair Vending Machine will be located inside McCain Mall in front of Goodfellaz Barber Shop. It will dispense high quality Pure Cambodian Wave and Elise Camille Curl virgin hair textures as well as lace closures and frontals. The machine will accept debit/credit cards and cash.

All local media outlets are invited to share in this milestone for the Little Rock community and Buttah Baby Hair Imports. For more information about the launch celebration or to schedule an interview with Shadara Waller-McGilberry, please contact Jessica Simien at jessica@simienmediagroup.com.

###

About Buttah Baby Hair Imports
